InitiaLit Readers

developed to support the InitiaLit literacy program

MultiLit

What are **InitiaLit** Readers?

MultiLit has developed two sets of 60 phonic readers for children who are just learning to read. These delightful decodable books are carefully sequenced to encourage children to use good reading strategies from the start.

Children who love adventure, humour, mischievous animals and learning about the world around them will enjoy our beautifully illustrated stories.

The decodable InitiaLit Readers were developed to support InitiaLit – a whole-class literacy instruction program for Foundation to Year 2 children.

InitiaLit–F Readers (Levels 1-9), first released in 2016, are designed for children in the Foundation year of school.

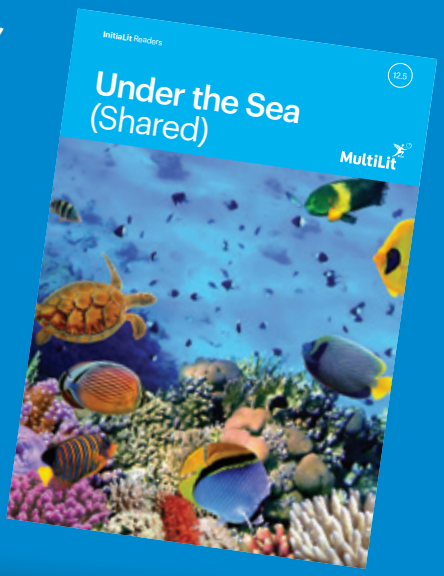
InitiaLit–1 Readers (Levels 10-16), released in 2017, are for Year 1 students. Different text types, such as information texts, poems and plays, are introduced in Levels 10-16.

Enjoy these special features

- Easy-to-follow steps to prepare children for reading.
- Previewed target sounds and words, vocabulary and punctuation.
- Additional opportunities for children to practise sounding out words.
- Comprehension questions to check for understanding and encourage discussion.

Discover our shared readers

- Each level contains a shared reader, in which the teacher and child read alternate pages.
- The teacher pages contain more complex vocabulary and sentence structure, allowing for enhanced storylines.
- Shared readers provide opportunities for the teacher to model fluent and expressive reading to students.



These bright yellow butterflyfish dart back and forth as Carter and his friends swim by.

Skills Sequence

Foundation (Levels 1-9)

InitiaLit Readers follow the skills sequence presented in the InitiaLit literacy program.

InitiaLit–F Readers (Levels 1-9) align with the Foundation level of the program (released November 2017). InitiaLit–1 Readers (Levels 10-16) align with the Year 1 program.

They may also be used alongside other synthetic phonics programs to support the consolidation of skills as students progress.
